

UNIT 3

LEARNING ABOUT BASIC MEASUREMENTS

In this unit, you will:

- Tell the number of days in a week
- Identify the activities you do in a day
- Tell the time
- Compare objects based on their size, length and weight

Look at the picture above. Can you say the date today? Can you tell the time? How about the basic measurements? Can you name your shoe size? Do you know your height? How about your weight?

LESSON
1

Learning about the Days in a Week

This is Lorraine. The lady beside her is her mother. Her mother teaches Lorraine about the days of the week.

In this lesson, you will:

- Count the number of days in a week
- Write the names of the days of the week
- Differentiate weekdays from weekends

LET'S GET STARTED

This is a calendar. Do you know how to use it? Which days in a week can you name? Share it to the class.

SEPTEMBER 2020

SUN	MON	TUES	WED	THURS	FRI	SAT
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30			

LET'S LEARN

SEPTEMBER 2020

SUN	MON	TUES	WED	THURS	FRI	SAT
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30			

There are seven days in a week. These are **Sunday**, **Monday**, **Tuesday**, **Wednesday**, **Thursday**, **Friday**, and **Saturday**.

The days from Monday to Friday are called **weekdays**. Saturday and Sunday are called **weekends**.

To the teacher: You can bring an actual calendar to demonstrate how it is used. You may also discuss the current day and month so the pupils can have a better understanding of the lesson.
